

INFORMED CONSENT

For Morgellons or Neuro-cutaneous Syndrome (NCS) Patients

I acknowledge that I have viewed the information on www.parasitetesting.com re: Morgellon's or Neuro-cutaneous Syndrome, and that I have determined that I have enough reason to believe that I have this condition. I have, accordingly opted to undertake the offered rehabilitation program. I also understand that in order to realize a successful recovery I need to follow the protocol without any deviations or short cuts. I will also check with my health care practitioner to confirm that the NCS protocol does not interfere with any medical condition that I may have. I will not disregard professional medical advice or delay seeking medical treatment because of something I have read on this website. PCI is not responsible for any advice, course of treatment, diagnosis, or any other information, services, or products that are obtained through this website. I further testify that the NCS protocol provided is for my personal use only and will not be shared with any unauthorized party without the explicit permission of Parasitology Center, Inc.(PCI). Unauthorized use is subject to legal action. I have read (or have read to me) the above consent. I understand that with the present state of knowledge of NCS, no guarantee of successful outcome has been given or implied.
